Port Credit Harbour Marina New Applicants Storage/Docking Requirements

The Port Credit Harbour Marina (**PCHM**) requires that both a Marina Lease Agreement and a Boat Questionnaire Form be fully completed and signed before a boat will be considered for storage or docking at **PCHM**. Evidence of property and liability insurance coverage must also be submitted. Upon receiving these documents the **PCHM** will assess the eligibility of the boat for storage or docking and contact the owner of the boat with its assessment. Please allow **PCHM** four weeks to process the documents after submission.

Please note that individuals are not allowed to engage in major overhauls, spray painting, sandblasting, sodablasting, structural repairs, woodworking, hull or keel repairs, fiberglass repairs or repairs to boat parts, engine or engine parts while their boat is on site. If you need the above-noted work done on your boat then this is not the facility for you.

Checklist - PCHM Application Package Submissions:

- Completed Marina Lease Agreement
- Completed Boat Questionnaire Form
- Evidence of Insurance
